Today we publish a partial list of nominations in the Stanford Interior Journal's Great \$500 Prize Popularity contest. The names of dozens of young ladies appear. The number certainly indicates a remarkable interest in what is destined to be one of the most friendly struggles for a rich reward ever offered by a country paper in the state of Kentucky.

In this list will be found the names of popular young ladies from all over this section of the State. The names were sent in many cases by people who expect their friends to get busy and win one of the prizes. It is an indication of the confidence some friend has in that candidate's ability to win. It is a gauge of capability and incidentally a nice little compliment.

### Many New Names Will Come.

It is the experience of the contest manager that a great many nominations will come in after the first list is published. It gives the people an opportunity to look over the list of names and see if their friends have been entered. So for that reason, many new names will appear in each district for some time to come.

### May Enter Any Time

Don't get the impression that by the publication of the names the nominations are closed. Candidates may and will, enter the race for many days to come, and some of the ultimate winners may not start for several days yet. Prospective candidates and their friends will have the privilege of sending in nominations throughout the life of the contest. If the name of your favorite does not appear in the list today, send in her name and address at once so that she can get started.

There are a number of rural routes and small towns in different parts of the territory which are not represented as yet. We would like to hear from people living in neighborhood which are not represented in the list today.

If there is any question that is not fully understood by the contestants present or prospective, they are asked to call or write the Contest Manager and he will try and make the point clear.

With this list of names published indicating the class of young ladies to whom this great contest has appealed, there is no reason why any popular and energetic young lady in this section of the state should hesitate to enter the contest. The race is open to all. The opportunity is here. The prizes are here.

### BE SURE AND OBSERVE

The long list of names of candidates in the Interior Journal's Great \$500.00 Prize Popularity Contest. Look over the list carefully and if the name of your favorite does not appear, call up the Contest Manager or anyone in the office and give in the name and address. There are still many towns and rural routes that are not yet represented and no doubt there are many young ladies in those same rural routes who would be glad to enter and try for the prize if some one would nominate them. Can't you think of some young lady in your neighborhood whom you think would like a valuable prize? Or some one in your family? Just write their names and addresses on a piece of paper—if you can't find a nomination blank—and bring or mail it to the Contest Manager, care Interior Journal, Stanford, Ky. Full information will be sent the prospective candidate.

### An Easy Undertaking

There is nothing complicated or difficult about this undertaking. It costs you nothing to enter this contest and requires absolutely no capital to push the campaign, once you enter. Your friends will help you to start RIGHT NOW is going to have a big advantage in what will undoubtedly be the biggest affair of the kind ever undertaken in this vicinity.

In this issue is published a free nomination blank. In order to enter all that is necessary is to clip out this blank, fill in the name of a friend or that of yourself, and bring or mail it to the Contest Department of The Interior Journal. You thereby become a candidate. The next step is call or telephone for the proper blanks and then thoroughly read the rules governing the contest, after which the contest department will do everything to assist you in making the proper start. If there is anything you don't understand; if you would like to enter but hesitate because of natural timidity, drop in and inquire for the contest manager. Let him talk to you and don't be afraid to ask questions. That's what he is here for. It's mighty easy to call up by telephone and ask for information, and the contest manager (Continued on last page)

### CRAB ORCHARD SCHOOL ENDS A FINE TERM

Messrs. Bronaugh and Geisler Re-elected Trustees—Program For Commencement Night

At the election of school trustees in the Crab Orchard district last week, R. H. Bronaugh and Gus Geisler were re-elected trustees. The Crab Orchard school has done splendid work under the present administration, and the re-election of Prof. G. E. Miss Eva Taylor, who has taught the 5th and 6th grades, resigned to accept a position in the Somerset city school. To remainder of the faculty was re-elected. County Attorney Burch Laid Off

County Attorney W. S. Burch has been confined to his bed for over a week with a very severe and painful abscess of a tooth. He has not been able to attend to his duties or to prosecute the winning campaign which he has been making for the democratic nomination for commonwealth's attorney. He had just concluded a week's campaign in Garrard county and found the sentiment there very strong in his favor. In fact his friends say that he is certain to carry both Garrard and Mercer by overwhelming majorities, and that he is going to surprise everyone by the vote he polls in Boyle, the home of his opponent.

The Harrodsburg Leader says: Mr. Warren Curd has signed up with the Dix River Dam Company, and the monster barrier across the water will be erected on his farm.
